Go out to the end of Tucker Bayou in the ship channel, and then down stream to the bay. How does that work?  
It's a question from the national news about how this affects the city's drinking water.  
Thanks,  
Daniel

We have that data. I will throw them on a map. How large of a search radius around the site should I use?

**Subject:** ITC Fire Drinking Water intakes

Hey David,

I'm getting asked if we know/are looking at the drinking water intakes.

Any thoughts on how to get that info? And if so, can we get it on a map so we can sample?

Thanks!!

Daniel
